ACADEMIC POSITIONS

Lancaster University   12/2023 – Present
SMARTS Senior Research Associate   *United Kingdom*

Hong Kong University of Science and Technology   11/2022 – 11/2023
Postdoctoral Fellow   *Hong Kong*

EDUCATION

Hong Kong University of Science and Technology   09/2018 – 09/2022
PhD in Mechanical Engineering (Scientific Computation Concentration)   *Hong Kong*

Hong Kong University of Science and Technology   09/2017 – 07/2018
MSc in Aeronautical Engineering   *Hong Kong*

Harbin Institute of Technology   09/2013 – 06/2017
BEng in Engineering Mechanics   *Heilongjiang, China*

RESEARCH INTERESTS/SKILLS

- Aviation big data
- Air transportation
- Airspace design
- Aviation weather
- Machine learning
- Operations research
- Data science
- LaTeX
- Python
- Gurobi
- PyMC
- PyTorch

PROJECTS

SMARTS: Smart Sectors and Dynamic Airspace Configuration   12/2023 – Present
- *Grant:* SESAR Joint Undertaking; UK Research and Innovation
- *Role:* Major Participant
- *Summary:* Collaborate with stakeholders including ENAIRE, CRIDA, Eurocontrol, NATS, and DLR to develop mathematical models, algorithms, and AI applications for the airspace sector design and dynamic configuration process.

From Weather-aware Terminal Air Traffic Modeling to Arrival Delay Mitigation Strategies   12/2021 – 11/2023
- *Grant:* Innovation and Technology Fund of Hong Kong
- *Role:* Major Participant, assist in drafting the proposal and framing the research
- *Summary:* Highly cooperate with Hong Kong Observatory to quantify the weather impact and optimize the arrival strategies, based on over 55,000 local meteorological reports and 430,000 arrival flights.

MANUSCRIPTS IN PREPARATION

Go Nam Lui, Ahmed Kheri, Guglielmo Lulli*. "Optimal airspace sector design: exact and approximation algorithms" Manuscript under preparation.

Go Nam Lui, Nicos Pavlidis, Guglielmo Lulli*. "Functional data analysis for complex aircraft trajectory clustering" Manuscript under preparation.

Lijing Liu, Christian Reyner, Dajung Kim, **Go Nam Lui**, Rhea Patricia Liem*. "Operation-aware and fuel-efficient aircraft conceptual design optimization for enhancing sustainability" Manuscript under preparation.

Tak Shing Tai, Richard Louie, **Go Nam Lui**, Chi Ho Yeung, Rhea Patricia Liem*. "Coordinating air traffic flow on spatio-temporal networks" Manuscript under preparation.

TEACHING EXPERIENCE

Hong Kong University of Science and Technology　　　　　　　　　　　　　09/2019 – 01/2022
Teaching assistant　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Hong Kong*
- *Course:* MECH 1907 Introduction to Aerospace Engineering
- Best TA award (2019-2020)
- *Avg Student Evaluation:* 82.5/100

Hong Kong University of Science and Technology　　　　　　　　　　　　　09/2018 – 07/2022
Co-supervisor　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Hong Kong*
- Co-supervised theses and final year projects of undergraduate students, and MSc students in Mechanical and Aerospace Engineering. The topics include but not limited to UAV prototype, aviation weather investigation, aircraft arrival sequencing, and data science application in ATM.

University of Milano-Bicocca　　　　　　　　　　　　　　　　　　　　　12/2023 – present
Co-supervisor　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Italy*
- Co-supervised theses of undergraduate students in statistics and computer science, on different aspects of machine learning application in air traffic management, including GPU-enhanced clustering, aircraft arrival flight time prediction.

PROFESSIONAL SERVICES

Session chair and Committee:
- "Data-driven methods for analyzing the terminal airspace." *2023 INFORMS Annual Meeting*
- "Simulation, Modeling, and Optimization for Air Transportation and Emerging Mobility." *2023 INFORMS Annual Meeting*
- "Innovative Approaches to Efficient Airspace Management." *2025 INFORMS Annual Meeting*
- Committee member for the Best Student Presentation Award, Aviation Application Section (AAS), *2025 INFORMS Annual Meeting*

Reviewer for scholarly journals and conferences:
- **Journals:** Transportation Research (Part C, D); Journal of Air Transport Management (JATM); Sustainable Cities and Society; Natural Hazards; Journal of Revenue and Pricing Management; Scientific Reports; Sustainable Mobility and Transport; Applied Science; Aerospace; Drones; Electronics; Meteorology; Sustainability; Remote Sensing; Systems
- **Conferences:** International Conference on Research in Air Transportation (ICRAT); ATM R&D Seminar; SESAR Innovation Days (SIDs); US-Europe Air Transportation Research & Development Symposium (ATRDS)

Invited talks:
- "Machine learning application in airspace operation: from terminal airspace to dynamic configuration." *Applied Machine Learning Days (AMLD) EPFL 2024*.
- "Data-driven weather impact quantification for airport arrival on-time performance inside the terminal airspace." *2023 INFORMS Annual Meeting*.
- "Machine learning applications in aircraft design and transportation," *The interface among physics, neural science, and machine learning,* The Education University of Hong Kong, December 2022.

Conference presentation:
- Martina Galeazzo, Luigi de Giovanni, **Go Nam Lui**, Guglielmo Lulli. "Robust optimization approaches for the Dynamic Airspace Configuration problem." *EURO 2025*.
- Guglielmo Lulli, **Go Nam Lui***. "A mixed integer programming approach for airspace sector design problem." *TRISTAN XII 2025*.
- **Go Nam Lui**, Guglielmo Lulli*, M. Florencia Lema-Esposto, Rebeca Llorente Martinez. "Airspace sector design: an optimization approach." SESAR Innovation Days 2024.
- **Go Nam Lui***, Soner Demirel. "Gradient-based smart predict-then-optimize framework for aircraft arrival scheduling problem in terminal maneuvering area." *OpenSky Symposium 2024*.
- **Go Nam Lui**, Thierry Klein, and Rhea Patricia Liem*. "Data-driven approach for aircraft arrival flow investigation at terminal maneuvering area." *AIAA Aviation Forum.* 2020.

ACADEMIC AWARDS

HKUST RedBird Academic Excellence Award, 2022.

Postgraduate Studentship (PGS), 2018 – 2022.

MSc Excellent Student Scholarship, 2018.

Honorable Mention of Mathematical Contest in Modeling, 2016.

LANGUAGES

Native:
- Cantonese, Mandarin

Professional Working Proficiency:
- English
